**Poland \* Negative \* \$50 per dose**

**Breeder:**  
Lawrence Griebel, Bellevue, Iowa

**Current Owner:**  
Center Prairie Genetics and  
Nathan Arnholt, Columbus, Ind.

Our pick and the bargain at the 2011 Poland show at Austin. This stress negative boar was very heavy structured and wide based when we bought him. But we cannot believe how he has matured since getting him home. This guy could be the next breeding giant in the Poland breed. His sire, being out of Fast Forward and back on a Bases Loaded sow is a tremendous mating and then to add the production of the Big River sow family—what a breeding piece! He WILL WORK to make Poland hogs better!!!!!!!!
