

# I Dunit

**Duroc \* \$50 per dose**

**Breeder:**  
David Martin, Marion, Iowa

**Current Owner:**  
Center Prairie Genetics

A very unique breeding piece here as I Dunit is very big bodied and heavy structured to go along with being a very tall fronted red boar. We feel this boar blends these positives together along with a very interesting pedigree. A littermate sister was the grand champion gilt at the 2011 Ohio State Fair and she was also the third overall Duroc at the 2011 NSR Extravaganza.
