Bennett and Center Prairie Genetics

If soundness is an issue in your sow herd, then RAMP IT UP should be your boar of choice. In trying to take his picture, he documented that he can walk all day long, he is as mobile as a large cat and yet muscular from front to rear. Sired by the ever-popular Rampage, RAMP IT UP's mother and Rampage's mother are littermate sows. RAMP IT UP had two littermate sisters that were offered as bred gilts by the Bennett family that sold for \$2,900 and \$3,200.
